##### Office work

- Furlough Friday. All on Furlough.
- Reviewed and approved daily diaries and timesheets.
- Reviewed files for pending EWBs.
- Updated vehicle mileage log on line.
- Reviewed and updated job information on RMS.
- Requested HSP.
- Talked with Rob Kobal regarding security locks for manholes. He submitted a request for CCO and following message: Please prepare a CCO to secure manholes from public entry? This comes at the request of the CHP though Maintenance. At a minimum you need to secure your project manholes. If sufficient funds exist please procure security pans for the Skyway and OTD2. We have estimated an installed cost to be about \$600 per pan. My staff and I are available for any assistance and discussion with the Contractor.
- Received OTD1's November 4, 2009 SMR Summary from Keith Hoffman, Senior Bridge Engineer, Office of Structural Materials, Bay Area Branch. The following update was provided:

##### SERVICE PLATFORMS – METALFAB, Santa Clara, CA

- Side rails and stair assemblies have been galvanized are awaiting painting. Fabrication has started on the upper frames to replace the rejected ones. Fabrication continues on all 3 lower frames at Metalfab.

##### ROADWAY LIGHTING ASSEMBLIES – Structural and Steel Products, Fort Worth, TX

- 4 demonstration light poles have been installed on the skyway.
- SMR is currently reviewing and will provide comments on the preliminary plans and Special Provisions for the production poles.

##### BIKE PATH RAILING – Pisor Fence, Citrus Heights, CA

- Fabricator has started fabrication of stainless steel embed base plate assemblies, and is preparing for fabrication of panels.
- ABC Paint's PQWP has been approved by METS.

##### CLOSEOUT DOCUMENTATION – Oakland Touchdown - 04-0120L4

- METS is continuing to compile documentation for project closeout.
